

DIVA 150 HOME UPS

Features:

- Microcontroller based design
- Sleep Mode to save battery on no load
- Elegant look and light weight
- AVR for better regulation on mains
- O/P modified Sine Wave
- Regulated O/P on battery
- 3 - O/P Sockets
- Useful for laptops / CFLs / bulb / Fan / TV
- Solar connectivity (Optional) for grid independent site
- Battery expandability

megatech®

Specifications

MODEL	Diva 150
POWER	
Rating Capacity	150VA / 100W
INPUT	
AC Input Voltage	140V - 280VAC
Input Frequency (Rating)	50Hz
OUTPUT	
AC Output Voltage (on Mains)	190V - 230VAC
AC Output Voltage (Battery)	210 to 240VAC
Output Frequency	50Hz
Transfer Time	4ms - 8ms
BATTERIES (BUILT-IN)	
Battery Voltage (VDC)	12
Number x Capacity (Ah) (built-in)	1 x 7/7.2
Number x Capacity (Ah) (External)	18 / 26 / 42
Type	SMF
Battery Recharge Time	6 - 10 hours
Backup Time	Depends on Load
ENVIRONMENT	
Ambient Temperature	0-40°C
Sound at 1 Meter	<45DB
GENERAL	
Dimension (HxWxD, mm)	143x101x308
Weight (excluding battery)	4.5 kg

*Specifications are subject to change without prior notice

- Solar Connectivity (Optional):**
 Solar Connectivity (optional) provided to charge the battery without grid.

- External Battery Model:**
 External Battery Model available for higher backup. Battery up to 40 AH can be connected to internal high capacity charger.
